

## **The Broadstreet Hollow Stream Management Plan Draft Table of Contents, 3/28/03**

- i. Table of Contents**
- ii. Acknowledgments**
- 1.0 Introduction and Purpose**
  - 1.1 Introduction: What is a Stream Management Plan for the Broadstreet Hollow?**
  - 1.2 Purpose: Why Develop a Management Plan for the Broadstreet Hollow?**
  - 1.3 Goals and Objectives for this Management Plan**
    - 1.3.1 Flooding and Erosion Threats**
    - 1.3.2 Water Quality**
    - 1.3.3 Ecological Health**
    - 1.3.4 Coordination**
  - 1.4 Guide to this Stream Management Plan**
- 2.0 Project Partners and Project Accomplishments to Date**
- 3.0 Broadstreet Hollow Watershed Description**
  - 3.1 Broadstreet Hollow Community History**
    - 3.1.1 Broadstreet Hollow: Some Local History – Christine Baltz**
    - 3.1.2 Broadstreet Hollow, A Brief History: The Bather Family and Regina's Way – Johanna Patience**
  - 3.2 Physical Stream and Valley Characteristics**
    - 3.2.1 Introduction to Stream Processes**
    - 3.2.2 Stream Morphology and Classification**
    - 3.2.3 Stream Type Maps**
    - 3.2.4 Geology**
      - 3.2.4.1 Catskill Mountain Geology**
      - 3.2.4.2 Broadstreet Hollow Geology**
      - 3.2.4.3 Applied Geology**
  - 3.3 Hydrology and Flood History**
  - 3.4 Riparian Vegetation Issues in Stream Management**
    - 3.4.1 General Concepts of Riparian Vegetation Ecology and Management**
    - 3.4.2 Riparian Vegetation in Broadstreet Hollow**

**3.4.3 Assessment of the Current Condition of Riparian Vegetation**

**3.5 Fisheries and Wildlife**

**3.6 Water Quality**

**3.7 Landowner Concerns and Interests**

**3.8 Public Infrastructure**

**3.9 Recreational Opportunities on Broadstreet Hollow**

**3.9.1 Catskill Forest Preserve**

**3.9.2 Fishing**

**3.9.3 Draft Wild Forest Management Plan**

**3.9.4 NYC DEP Lands**

**4.0 Broadstreet Hollow Stream Management Units**

**4.1 Management Unit 1**

**4.2 Management Unit 2**

**4.3 Management Unit 3**

**4.4 Management Unit 4**

**4.5 Management Unit 5**

**4.6 Management Unit 6**

**4.7 Management Unit 7**

**4.8 Management Unit 8**

**4.9 Management Unit 9**

**4.10 Management Unit 10**

**4.11 Management Unit 11**

**4.12 Management Unit 12**

**4.13 Management Unit 13**

**4.14 Management Unit 14**

**4.15 Management Unit 15**

**4.16 Management Unit 16**

**4.17 Management Unit 17**

**4.18 Management Unit 18**

**4.19 Management Unit 19**

**5.0 Stream Management Plan Recommendations**

**5.1 Stream Stewardship Recommendations**

**5.2 Watershed Management Recommendations**

**5.2.1 Prioritized Management Unit Summary Tables**

**5.2.2 Riparian Vegetation Management Recommendations**

**5.2.3 Infrastructure Recommendations**

**5.3 Stream Related Activities and Permit Requirements**

**5.4 Funding Sources and Agency Contacts**

**5.5 Amending and Updating the Plan**

**6.0 Supporting Documentation and Appendices**

**6.1 Appendices**

**6.1.1 Stream Stability Restoration Project Methods – Broadstreet Hollow**

**Stream Restoration Demonstration Project Report, Greene County SWCD**

**6.1.2 Bank Stabilization Alternatives and Current Best Management Practices**

**6.1.3 Watershed Maps**

**6.1.4 Geotechnical Report for the Project Site**

**6.1.5 Domestic Well Logs and Geotechnical Boring Logs**

**6.1.6 List of Native Plants for Use in Riparian Buffers**

**6.1.7 Landowner Survey Responses**

**6.1.8 Press Releases**

**6.1.9 Useful Resources**

**6.2 References**

**6.3 Glossary of Terms**

**6.4 Index**
